

Q·7

RGBW LED flood blind strobe

Description

The Q-7 defined a new level of power, accuracy, and flexibility in the lighting world, well-known as one of the most versatile strobe flood lights in the industry. Not only is it a stunningly bright audience blinder, it is also a low-profile flood light and a wide-angle wash luminaire. Its excellent performance in any conditions is the primary reason why some of the top lighting designers choose the Q-7 as their main light for touring, events, theatrical productions, architectural installs, or corporate shows. Due to its revolutionary product features, the Q-7 won the prestigious PIPA Award for Best Lighting Product of the Year 2015.
